SMR RESEARCH CORPORATION

SMR is a business research firm that studies loan markets and lenders. SMR is the nation's largest publisher of research on these subjects and also provides consulting and predictive scoring services.

Clients for SMR studies and databases have included executives at a majority of the nation's largest banks, thrifts, mortgage companies, life insurers, finance companies, nonbank financial companies, and retailers. More than 4,000 executives at more than 800 companies have been clients.

Founded in 1984, SMR conducts primary qualitative interviewing, plus statistical research and predictive modeling. Our target audience is senior operations management. By publishing our work, we provide at a small cost the kind of top-level studies and data products that otherwise would require six-figure spending on consultants.

Stuart A. Feldstein is president and founder of SMR. Mr. Feldstein has been the senior author or editor of SMR studies since 1985.

Stephanie Rady, director of data products and services, produced many databases used in this study.

Jonathan Varone, director of modeling and technology, manages our property database, also heavily used in this report. **Marie Sheard** aided in marketing.

Network Electronic Version Of The Study

SMR offers an electronic version of The Commercial Mortgage Dilemma. It is delivered as a Microsoft Word or Adobe Acrobat file.

Our Network program grants you copyright permission to put the electronic file on your company's internal computer network so that all employees can use the research, search for key words, or print out desired sections.

We email the electronic version to you immediately – same day service. We also ship you the printed version of the study for backup.

The Network program costs \$500 more than the printed version alone. The only usage limitation is that, under copyright law, you must retain the electronic file within your firm. **To sign up, call Marie Sheard at our office at 908-852-7677.**
